Ishidi lokuhlola inzuzo elula

Igama _____ **Ibhizinisi** _____ **Usuku** _____

Uzogcina unalokhu
Inani lenzuzo noma lokulahlekelwa kwenyanga edlule, noshintsho olulodwa ozolwenza kule nyanga.

Sebenzisa isitatimende sakho sasebhange, amaslip, amarisidi nama-invoyisi. Izinombolo ezilinganisiwe zilungile.

Inyanga engiyihlolayo (isb. September 2026)

---

1. Imali etholwe ngokuthengisa

Ukuthengisa (imali amakhasimende akukhokhele yona, noma asakukweleta yona, ngomsebenzi owenziwe noma izimpahla ezithengisiwe). Bala kuphela ukuthengisa kwebhizinisi, hhayi imalimboleko noma imali yakho oyifakile.

Lapho imali ivele khona	Ekhokhiwe (R)	Abasangikweleta yona (R)
isb. Ukuthengisa ngokheshi esitolo	14 000	
isb. Umsebenzi wokuphakela ukudla esontweni	3 000	2 000
Isamba		

Isamba esikhokhiwe + Isamba abasangikweleta sona = Isamba sokuthengisa (isb. R17 000 + R2 000 = R19 000)

---

2. Izindleko zokuqhuba ibhizinisi

Izindleko (yonke imali ibhizinisi eliyisebenzisile ukuze lisebenze). Bhala izindleko zale nyanga kuphela.

Izindleko	Inani (R)
isb. Isitoko noma izinto zokusebenza	7 500
isb. Irenti	2 500
isb. Ezokuthutha nophethiloli	2 000
Amaholo	
Idatha, i-airtime, ugesi	
Umshwalense namalayisensi	

Lo msebenzi uhlose ukufundisa kuphela. Akuyona iseluleko sentela, somthetho noma sezezimali. Imithetho nezidingo zingahluka ngohlobo lwebhizinisi nendawo. Buza isiphathimandla esifanele noma umeluleki oqeqeshiwe mayelana nesimo sakho.

Izindleko	Inani (R)
Izindleko zasebhange, nenzalo nezimali ezikhokhiswayo kwimalimboleko (hhayi yonke inkokhelo)	
Isamba sezindleko	

Yiba qotho

1. Ungafaki izindleko zasekhaya, njengokudla kwasekhaya noma imali yesikole.
2. Bhala imali ozikhokhele yona esigabeni esilandelayo, hhayi lapha.

3. Inzuzo noma ukulahlekelwa

Inzuzo (imali esalayo ngemva kwezindleko). **Ukulahlekelwa** (izindleko zibe ngaphezulu kokuthengisa).

Isamba sokuthengisa - Isamba sezindleko = Inzuzo noma ukulahlekelwa (isb. R19 000 - R15 000 = R4 000 inzuzo)

Inzuzo - Imali engizithathele yona = Esele ebhizinisini (isb. R4 000 - R3 000 = R1 000)

Inzuzo yale nyanga - Inzuzo yenyanga edlule = Ushintsho (isb. R4 000 - R2 500 = R1 500 ngcono). Shiya kungabhalwanga okokuqala.

---

4. Nquma

Bheka umphumela wakho nezindleko zakho ezinkulu kakhulu esigabeni 2. Khetha ushintsho olulodwa ozolwenza kule nyanga.

- **UHLU LOKUHLOLA**
  - ☐ Khuphula intengo yomkhiqizo noma isevisi engenza imali encane kakhulu
  - ☐ Susa noma unciphise izindleko ezithile (bhala ukuthi yiziphi: _____)
  - ☐ Landelela imali amakhasimende asangikweleta yona
  - ☐ Zithathele imali encane kuze kube yilapho ibhizinisi seliqinile

Lo msebenzi uhlose ukufundisa kuphela. Akuyona iseluleko sentela, somthetho noma sezezimali. Imithetho nezidingo zingahluka ngohlobo lwebhizinisi nendawo. Buza isiphathimandla esifanele noma umeluleki oqeqeshiwe mayelana nesimo sakho.

Isinyathelo esilandelayo

Engizokwenza (isb. khuphula intengo yokugunda isuke ku-R80 iye ku-R100)

Ngaphambi kwanini

Usuku lokuhlola inzuzo kwami okulandelayo (isb. uMsombuluko wokuqala wenyanga ezayo)

Isikhathi sokukwenza kabusha

Njalo ngenyanga, esontweni lokuqala, ngenyanga esanda kuphela. Ukuhlola njalo ngenyanga kukhombisa ukwehla kwenzuzo kusesekuncane futhi kulula ukukulungisa.

Lo msebenzi uhlose ukufundisa kuphela. Akuyona iseluleko sentela, somthetho noma sezezimali. Imithetho nezidingo zingahluka ngohlobo lwebhizinisi nendawo. Buza isiphathimandla esifanele noma umeluleki oqeqeshiwe mayelana nesimo sakho.
